Presidents Message:

Another 2 more months flew by (get it, Ha Ha). Sorry I had to do it. It has been a good 2 months. Weather has been great and many flyers have been enjoying Blue Sky and VFR (Visual Flight Rules) weather. We have several good things coming up at the meeting this month, which by the way is Thursday the 21st at 7:00. As usual there will be Pizza and Sub Sandwiches at 6:30 for anyone interested. Anchovies included.

We will be voting in Ron Goldman as VP of the Comets. Bernie gave his Ok to have Ron step in and fill the position. Coming up on Saturday the July 16th is one of our Annual Warbird Days, with the Stienmetz brothers graciously

stepping in to cook a wonderful barbeque for all. So come out and bring your military planes to show off and fly. Maybe we will be lucky and have Ken bring his new B-24 he has been building for a while. Hope to see you all there. There have been many planes going down in the canyon (Bermuda Triangle) on the approach of our runway. At least 3 now that I know of that haven't been found and one that people located but is next to impossible to retrieve. If anyone has any suggestions of how to find and bring back any of

these it would be nice to talk about. Thanks and see you all on Warbird Day.

Comets Field Closure Dates:

Hi everyone. I got a phone call from the lake management that the model airplane (Comets) field will be closed all day 18 and 20 July (Monday and Wednesday). Since virtually all of our flying is held Tuesday and Thursday, this should not be a problem. Please not these dates on your calendar. Thanks,, George (Park Liaison Officer)
